The City Manager reported the City owned 29 traffic signals and shared ownership of 12 others with Salt Lake County and Taylorsville City. He stated the current interlocal agreement expired December 31, 2008, and renewal had been delayed because the Transportation Division was negotiating with the County to take over the preventative maintenance portion of the agreement. upcoming Study Meeting. He also indicated COG would vote on a resolution on January 8, 2009.

City Manager, Wayne Pyle, advised a presentation regarding this issue had been scheduled to be given by Envision Utah at the January 13, 2009, Study Meeting.

Members of the City Council discussed language in the subject resolution and expressed agreement with, or opposition to, that proposal. Upon further discussion, Council members indicated before making a decision they desired to hear the presentation from Envision Utah and then be able to ask questions of staff.

Mayor Nordfelt discussed the need to, and cost of, moving the cell tower currently located at Granger Park. He related discussions with representatives of Granite School District, and others, regarding what the City would be willing to do regarding this issue. He suggested finding a substitute property to relocate the tower, but not contribute monetarily for moving it.

City Attorney, Richard Catten, discussed a conversation with the Granite School District's attorney regarding the cell tower.

Upon discussion, some members of the Council expressed hesitancy to find another location fearing the replacement could be another "big ugly tower." Councilmembers indicated they would like to see another tower with current and more modern technology that might be smaller in size. Mayor Nordfelt stated a member of the Granite School District Board indicated this had become a "real stumbling block" for the District and their plans to build a new Granger High School at the Granger Park site. Upon further discussion, some members of the Council indicated this matter was neither the City's issue nor its responsibility.

City Attorney, Richard Catten, stated the appraiser might not have considered the cell tower would have to be moved when evaluating the property.

Mayor Nordfelt advised he would convey to the District that the City had no interest in paying for relocation, but would consider relocating the tower to another site within the City.

THERE BEING NO FURTHER BUSINESS OF THE WEST VALLEY CITY COUNCIL, THE STUDY MEETING OF TUESDAY, JANUARY 6, 2009, WAS ADJOURNED AT 6:25 P.M., BY MAYOR NORDFELT.
